Ref. A: Your email dated April 25<sup>th</sup> 2013

Ref. B: Your email dated April 30<sup>th</sup> 2013

Ref C: Your email dated May 2<sup>nd</sup> 2013

Dear Dr. Moriarty:

As per your email below (Ref B) the documentation provided in Ref C still do not provide the communications between the Dean and myself, Dean and staff of SHK, as well as staff of FGPS and staff at SHK, specific and critical to my case. Can you please provide?

I have provided what I considered relevant. I have added some more at your request.

As well, the communications between Edward Lemaire, Michel Labrosse, Michael Pierrynowski and

FGPS informing them that there was a procedural error in the form sent with the revised thesis, was also not provided. Can you please provide?

See list of additional e-mails below.

Gordon Robertson letter to the Executive committee members is absent from documentation provided in Ref C. Can you please ensure this is included?

The letter dated 14 February 2013 from Dr. Robertson to the FGPS Executive Committee is already included under the heading “Items 3 – 9” (it is Item 8).

In the attached you will find

- e-mails from Drs. Labrosse and Caldwell where they convey their decision based on the “Thesis Examiner’s Report for a Revised Thesis” (Note that the e-mail requesting them to return this form is included in the examiners’ response.

- the covering letter sent on 17 October 2012 to Dr. Pierrynowski (who was sent the “Thesis Examiner’s Report for a Revised Thesis” from the outset)

- an e-mail exchange (7 August-9 September 12) between Dr. B  no  t and Dean Hastings regarding Dr. B  no  t’s withdrawal

- an e-mail from Dr. Robertson dated 8 June 2012 enquiring as to whether the revised thesis had been sent to the evaluators.

Can you please provide me the complete revised package that will be sent and reviewed by the executive committee members of FGPS for my case on May 7<sup>th</sup> 2013?

This is my final addition to this appeal. I will forward this attachment to the Executive Committee of the FGPS, which has already received the other documents.

Yours Sincerely,

Nicholas

Dear Mr. Ali,

I note your point regarding the first version of the comments on the revised thesis. As I now understand it, you sent this document to all four examiners and just one of the four, Daniel B  no  t, objected to its tone. I will make sure the correct information is provided to the Executive Committee.

The omission of the "Thesis evaluation forms" for the second evaluation of the thesis was an oversight.

Regarding e-mail exchanges between you and the dean and staff members at the FGPS and at the School of Human Kinetics, I will include them.

With regard to the email you sent at 11:14 am on 25 March 2013 with "Letter of Appeal" as subject, I was unable to print the attachments that are referred to in your letter of appeal. Could you kindly resend that email?

I will send you a revised package for the Executive Committee as soon as possible.

Dear Dr. Moriarty:

Thank you for the documentation. I had the opportunity to review this information. For perfect clarity the "First version of comments from student in response to examiners' report" (pages 99 – 215 in the documentation you provided) was sent to ALL examiners. Stemming from your email dated February 11<sup>th</sup> 2013 (see attached) can you please advise why the examiners report for the revised thesis was not provided? More importantly, can you please advise why most of the communications between the Dean and myself, Dean and staff of SHK, as well as staff of FGPS and staff at SHK, specific and critical to

my case, are absent from the documentation you provided? Some of the latter information was referenced in my letter of appeal, though not provided, given I expected that this would be provided by FGPS as a result of your email dated February 11<sup>th</sup> 2013 attached. Finally, by my estimate, 90% of the documentation content you provided is technical.

I look forward to hearing from you.

Sincerely,

Nicholas
